Profit Fade: Reduce Risks & Increase Profit Margins

"At half the cost of many other publishers, Construction Business Owner delivered a better webinar and more leads for us..."

—Isaiah Walker, Viewpoint Construction Software

Generated 210 leads for sponsors during LIVE presentation.

More leads produced via online archive access.

81 people participated in the LIVE event.

Don't Do It All Yourself...Build the Right Team

"The CBO webinar was a great way to get the word out about our programs and services while delivering valuable information to CBO readers. The webinar software CBO utilizes to facilitate the program is very professional and allows each speaker to express their brand image throughout the presentation. We look forward to the opportunity to present webinars with CBO in the future."

—Jayme Broudy, Contractor's Business School

"I cannot overstate the value that the CBO webinar has brought to our organization. It was a wonderfully simple, yet powerful approach on how to best present our company in a quick, clear and concise manner. This process helped us convey our unique value, differentiate ourselves from others, and it gave us the ability to crisply communicate with others. I would highly recommend this approach to anyone trying to achieve market penetration."

—Tim Stuck, TRS Consulting, Inc.

Generated 188 leads for sponsors during LIVE presentation.

More leads produced via online archive access.

66 people participated in the LIVE event.

Managing Information Overload
Transitioning to a Paperless Environment

101010
010101
101010

Contractors in today's marketplace are caught in the middle of a paper and paperless culture. Managing this information overload can be difficult. Many take advantage of digital and the ones that have are still lames of data. This places a large and back office.

In this webinar, you will learn how to:

- Manage the influx of standard mail, email, faxes, of faxes, contracts, etc.
- Standardize multiple forms of documentation
- Improve collaboration
- Promote inter-departmental communication between the field and back office
- Safeguard against possible future litigation
- Increase overall project visibility with current and past jobs

June 21, 2012 • 1 p.m. Eastern

Speakers:

Tom Gray
World Development Manager, Viewpoint Construction Software
Gray has been the 22 years of professional accounting experience with a construction industry focus since 1992. He holds an MBA with a concentration in Construction Management.

Kathleen Schreiber
President, Business Knowledge Systems
Schreiber specializes in assisting employees with their personal and professional development through the adoption of technology, process improvements, and cost reduction strategies and working one-on-one with clients to ensure they get the most out of their investment in a business solution. She is also a frequent speaker at industry events.
